## 10. REPORTS OF THE MEETING: 2021-2022

The Western Music Club is the brainchild of the Department of English which aims at improving the spoken form of the English language of the students by encouraging learning

through English songs. These are weekly online sessions which ensure active learning. The music and singing sessions are engaged by reputed guests and the teaching part is done by Dr. Maria Preethi Srinivasan, Associate Professor and Head of the Department of English and by Dr. P. Vinitha Francis, Assistant Professor of the Department of English. The sessions are open to students across disciplines. All the nine sessions organised so far have been enrichingly educative for the students at Queen Mary's College.

## **REPORTS OF THE MEETING: 2023-2024**

### **THE QUEEN'S MINSTRELS**

The Western Music Club recently held auditions for the Queen's Minstrels, a prestigious 100-voice choir at Queen Mary's College. Following a rigorous selection process, the chosen students were divided into four groups for specialized training.

These aspiring singers are fortunate to receive guidance from experienced professionals who generously offer their expertise on a voluntary basis. Leading the training sessions are esteemed Choir Directors: Mr. Isai Amudhan, a renowned Composer and Musician; Ms. Cathleen, Assistant Professor of English at WCC; Ms. Sharon, a dedicated Research Scholar; and Ms. Snowlin, currently pursuing Postgraduate studies at Queen Mary's College.

Under their tutelage, each batch is meticulously prepared to perform songs at the College Assembly every Wednesday. Embracing the "Sing Along" concept, students are encouraged to enhance their English language skills through the medium of music. Dr. Maria Preethi Srinivasan, the Club's Mentor, plays a pivotal role in curating song selections and crafting engaging lessons centered around the chosen pieces.

A distinguishing aspect of this initiative is the integration of teaching directly into the assembly proceedings. Following each performance, the lesson derived from the song is imparted to the students, fostering a dynamic learning environment. Additionally, to reinforce learning, word files containing the lesson content are circulated within student WhatsApp groups.

This innovative approach to language learning has proven to be revolutionary, offering students a fun and effortless means of improving their English proficiency.

The collaborative efforts of the Western Music Club and its dedicated mentors exemplify the transformative power of music in education.
